## PROFESSIONAL SUMMARY

Highly skilled and versatile Full Stack Java Developer with expertise in both frontend and backend development. Strong proficiency in Java technologies (**Core Java, J2EE**), **HTML, CSS, JavaScript** and **Java programming**. Experienced in building dynamic and responsive web applications using frameworks such as **ReactJS, Spring Boot**, and **Hibernate**. Solid knowledge of **RESTful APIs** and **Microservices architecture**. Strong background in database management systems, particularly **MySQL**. Proven ability to work in Agile development environments, collaborating with cross-functional teams to deliver high-quality software solutions. Seeking opportunities to contribute technical expertise and full stack development capabilities to innovative projects.

## EDUCATION

**Dr. A.P.J. Abdul Kalam Technical University | Lucknow India**

2020-2024

B.Tech. in Computer Science Engineering

## PROJECTS

### E-SHRAMIK (Labor Management System) 🔗

- Developed a dynamic and responsive web application for labor management using JSP, Servlets, and Bootstrap.
- Implemented CRUD operations for ID-cards, Shramik Table, profiles, Id-cards print, admin login and feedback modules, ensuring scalability and maintainability of the system.
- Integrated JDBC for seamless interaction with the MySQL database.
- Toolset:** JSP, Servlets, JDBC, MySQL, Materialized CSS, JavaScript, jQuery, Bootstrap, HTML, CSS.

### EMS (Employee Management System)

- Designed and developed a responsive web application to manage employee data, including real-time updates and CRUD operations.
- Implemented certificate creation functionality and used PHP for backend processing and JavaScript for interactive frontend components.
- Followed RESTful API principles for data handling and communication between frontend and backend.
- Toolset:** PHP, JavaScript, JQuery, Bootstrap, MySQL.

## SKILLS

- Languages:** Core Java, JavaScript, PHP, HTML5, CSS3, JSP, Servlets, jQuery, Basic C
- Frameworks & Libraries:** Spring Boot, Hibernate, ReactJS, Bootstrap, Tailwind CSS
- Databases:** MySQL, JDBC, SQL
- Web Technologies:** RESTful APIs, Microservices, AJAX, JSON, HTML5, CSS3, JavaScript (ES6+)
- Version Control:** Git, GitHub
- Developer Tools:** VS Code, NetBeans, IntelliJ, Maven.

## WORK EXPERIANCE

**Intern** – Techpile Technology Pvt. Ltd. | Lucknow

07/2022 - 09/2022

- Completed an 8-week certified training in HTML, CSS, JavaScript, and Bootstrap, focused on creating responsive web pages and UI/UX design.
- Implemented several JavaScript-based dynamic features during the internship and received the Best Performer Award for delivering projects on time with high accuracy.
